PART B: TOWNSHIP REQUIRED INFORMATION UNDER SECTIONS 22(5) AND 34(10.2) OF THE PLANNING ACT

In accordance with the Township Official Plan, a number of materials, plans and studies may be required to be submitted depending on the nature of the application. These requirements are set out in Part E of this application, List of Materials required to be submitted to constitute a complete application. The precise requirements for each application will be determined at the Pre-consultation meeting, however, to assist the Township in determining the exact information requirements the applicant is requested to provide the following information.

1. Section 3.3 of the Township Official Plan, indicates that in considering an amendment to the Township Official Plan regard shall be had to a number of criteria, in addition to those specified in the remainder of the Plan. Outline the justification for the proposed Official Plan amendment with respect the criteria in Section 3.3 of the Plan, any relevant criteria in the Plan, the Regional Plan and any provincial plans. The justification report should be prepared by a qualified professional planner and attached to the application.

2. Does the site or adjacent lands include any significant trees or other natural features?

3. Is the site adjacent to any significant source of noise or vibration (e.g. railway, major road, major industrial use)?

4. Does the site include a building or structure designated under the Ontario Heritage Act?

5. Are there any indications that the subject lands include any archaeological features?

6. Potentially Contaminated Land (complete attached Site Contamination Screening Questionnaire)

6.1 Has there been an industrial or commercial use of the site?

Yes No Last Year of Use _____

6.2 Has there been filling on the site or subject land?

Yes No Last Year of Use _____

6.3.1 Is there reason to believe that the site may have been contaminated by former uses on the site or adjacent sites? (i.e. gas stations, petroleum or other fuel stored on site or adjacent site)?

Yes

No

Last Year of Use _____

If **YES**, then an environmental investigation including all former uses of the site, and if appropriate the adjacent site is required. The study must be prepared by a qualified consultant.

Report attached? Yes

If **NO**, on what basis was this determined.

PLANNING FEES AGREEMENT

THIS AGREEMENT made this ___ day of _____, 20__.

B E T W E E N:

THE CORPORATION OF THE TOWNSHIP OF UXBRIDGE

(the "Township")

OF THE FIRST PART

- and -

_____ (the "Applicant")

OF THE SECOND PART

WHEREAS the Applicant has applied to the Township for _____ (the "Application") pertaining to certain lands more particularly described in Schedule "A" hereto (the "Lands");

AND WHEREAS the Applicant is the owner of the Lands.

AND WHEREAS all the costs, charges, fees and disbursements incurred by the Township in relation to the Application will be charged as a fee to the Applicant pursuant to Township By-law No. 2016-149, as will be amended from time to time (the "Fees By-law");

AND WHEREAS the Township requires the Applicant to enter into an agreement with the Township pursuant to the Fees By-law, which Agreement will provide that the Applicant reimburse the Township for all of its costs, charges, fees, and disbursements in connection with the processing of the Application including, but not limited to, its legal, engineering, planning, consulting and other costs, whether by staff, retained consultant or otherwise, incurred by the Township in connection with the Application, and any other proceedings involving the Application before the Courts or any tribunal ("Township Costs");

AND WHEREAS the Applicant represents and warrants that it has all the necessary authorizations and permissions to enter into this Agreement and that may be required for any purpose in connection with this Agreement and the Application, and the Applicant acknowledges and agrees that the Township relies on this representation and warranty in entering into this Agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the mutual covenants hereinafter contained and for other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto hereby covenant and agree as follows:

1. **Commencement of Proceeding:** Thirty (30) days prior to the commencement of any court, Ontario Municipal Board or other tribunal proceeding in connection with the Application, the Applicant and the Owners shall pay a Security Deposit above which shall be determined based on the expected duration of the hearing and complexity of the file and shall keep this security posted with the Township until all Township accounts have been paid in full following completion of the proceeding and until any and all Court, or tribunal hearings, pre-hearings, conferences or proceedings in connection with the Application are finally disposed of and a final decision has been rendered, or are fully and completely withdrawn, and all appeal periods with respect to same have expired.

2. **Township Accounts:** The Township will render monthly invoices to the Applicant for Township Costs incurred. Such accounts shall be due and payable within thirty (30) days after same are rendered by the Township and failure to pay such accounts within thirty (30) days from the date thereof shall result in interest being added thereto at the rate of 1¼ percent (1.25%) per month (fifteen percent per annum), until such time as payment in full is received by the Township. Nothing in this Agreement shall be interpreted to remove the right of the Applicant or the Owners to dispute an account rendered by the Township in connection with the Township Costs. Failure to pay Township accounts may result in such amounts being added to the tax roll pursuant to the Municipal Act. Notwithstanding the above, the Treasurer of the Township of Uxbridge reserves the right to add accounts outstanding to the tax roll, if in their opinion it is warranted, at any-time and without notice.

3. **Obligation to Pay Township Costs:** Notwithstanding the posting of deposits pursuant to this Agreement, the obligation of the Applicant and the Owners to pay Township Costs to the Township pursuant to the Fees By-law and this Agreement shall continue in full force and effect. For the purposes of this section only, “fulfilled all its obligations” shall mean that all Township Costs required to be paid pursuant to this Agreement and the Fees By-law have been paid in full to the satisfaction of the Township, and that no further costs, charges, fees, disbursements and/or Township Costs for which this Agreement or the Fees By-law may apply are expected to be incurred by the Township in connection with the Application.

4. **Termination of Agreement:** The Applicant’s and the Owners’ obligations under this Agreement, including the Applicant’s obligations with respect to Township Costs, shall continue until such time as an appeal, if any, including an appeal to the Ontario Municipal Board, is filed with respect to any planning approvals related to the Application, following which, the Applicant’s obligations under this Agreement, including the Applicant’s obligations with respect to Township Costs, shall continue only in the event that the Township supports the position of the Applicant at such appeal or appeals. In the event that the Township opposes the position of the Applicant at such appeal or appeals, the Applicant’s obligations under this Agreement, including the Applicant’s obligations with respect to Township Costs, shall cease and this Agreement shall be terminated, except that the Applicant shall make all payments owing as of the date of said termination until such time as all amounts owing have been paid to the Township in full to the satisfaction of the Township following which, any security posted by the Applicant under this Agreement shall be returned to the Applicant.

5. **Agreement Default:** The Applicant acknowledges and agrees that if, in the opinion of the Township, at any time, the Applicant is in default of this Agreement, all Township staff and consultants shall immediately cease processing the Application including attendance at any Court or tribunal hearing, prehearings, conferences or proceedings in connection with the Application. No future development agreements related to the Application will be executed by the Township unless all accounts and this Agreement are in good standing.

6. **Successors and Assigns:** This Agreement shall enure to the benefit of, and be binding upon, the respective heirs, executors, successors and assigns of each of the parties hereto. For greater certainty, and without limiting the generality of the foregoing, it is acknowledged, understood and agreed that upon a change of ownership of the Lands, or any part thereof, the new registered owner thereof, from the date of registration, shall become bound by the provisions of this Agreement.

7. **Parties to Act Reasonably:** Notwithstanding anything else in this Agreement, wherever in this Agreement any decision action or fee is to be made, taken or charged by or on behalf of any party hereto, this Agreement requires that the parties and their respective agents, servants, consultants or contractors shall act reasonably, expeditiously and in good faith in respect thereof.
8. **Notice of Change in Ownership:** In the event of a change in ownership of the Lands or any portion thereof, the Applicant shall immediately advise the Township of the name and address of the new owner.
9. **Fees Collected as Taxes:** The Applicant agrees that, in addition to any means process or recourse available to the Township, including any means process or recourse provided by this Agreement and/or the Fees By-law, the Township's Costs may be collected in a like manner as taxes.
10. **Township Lien:** The Applicant and the Owners acknowledge and agree to, in addition to any means, process or recourse available to the Township, including any means process or recourse provided by this Agreement and/or the Fees By-law, hereby grant the Township a lien on the Lands in the amount of the outstanding Township Costs, from time to time, plus any other amount or amounts otherwise payable and owing under the Fees By-law. For greater certainty, the Applicant and the Owners acknowledge and agree that:
 - a. The lien will attach to the Lands; and
 - b. The effect of such a lien is that the Township may compel payment of and/or recover Township Costs, from time to time, plus any other amount or amounts otherwise payable and owing under the Fees By-law, as a lien against the Lands.
11. **Agreement Registration:** The Applicant and the Owners agree that this Agreement may be registered on title to the Lands.

IN WITNESS WHEREOF the parties have affixed their corporate seals, duly attested by the hands of their proper signing officers in that respect.

Site Screening Questionnaire for Identifying Potentially Contaminated Development Sites in the Regional Municipality of Durham

This form must be completed for all planning applications unless two original copies and a digital copy of the applicable Environmental Site Assessment (ESA) work prepared in accordance with Ontario Regulation (O.Reg.) 153/04, as amended, is submitted to the approval authority in support of this development proposal. If you have any questions about this questionnaire, please contact the Regional Municipality of Durham as identified above.

Landowner Name: _____

Mailing Address (Street No. and Name): _____

Location of Subject Lands (Municipal Address): _____

Lot(s): _____ Concession(s): _____ Registered Plan #: _____

Former Township: _____ Municipality: _____

Related Planning Application(s) and File Number(s) _____

1. What is the current use of the property? Check the appropriate use(s):

Category 1: Industrial Commercial Community

Category 2: Residential Institutional Parkland

Category 3: Agricultural Other

Note: daycare facilities and a property that contains a religious building(s) are considered institutional uses. See Ontario Regulation 153/04, as amended, for definitions.

2. Does this development proposal require a change in property use that is prescribed under the *Environmental Protection Act* and O.Reg. 153/04 (e.g. a change to a more sensitive use from Category 1 to 2; 2 to 3; or 1 to 3 as identified under Question 1)?

Yes No

If yes to Question 2, a Record of Site Condition must be filed on the Provincial Environmental Site Registry.

3. Has the property or any adjacent lands ever been used as an Enhanced Investigation Property (e.g. industrial uses; chemical warehousing; automotive repair garage; bulk liquid dispensing facility, including a gasoline outlet and/or a dry-cleaning equipment)?

Yes No

4. Has fill (earth materials used to fill in holes) ever been placed on the property?

Yes No

5. Is the property or any adjacent lands identified as a wellhead protection zone? (Please review the Ministry of the Environment, Conservation and Parks [Source Protection Information Atlas](#) to confirm)

Yes No

6. Is the property within 250 metres from an active or decommissioned landfill/dump, waste transfer station or Polychlorinated Biphenyl (PCB) storage site?

Yes No

7. Has the property ever stored/generated/accepted hazardous materials requiring Hazardous Waste Information Network (HWIN) registration or other permits?

Yes No

8. Does the subject lands or lands abutting it previously or currently support one or more of the Potentially Contaminating Activities identified in Table 2 of Schedule D of O.Reg 153/04, as amended (see attachment)?

Yes No

If Yes was selected in any of the questions above, a Phase One ESA (and possibly a Phase Two ESA) at a minimum prepared in accordance with O.Reg. 153/04, is required. Please submit two hard copies and a digital copy of the Phase One and/or a Phase Two ESA that satisfies the requirements of O.Reg 153/04, as amended.

ESA's may be waived at the Region's discretion provided that the Applicant/Qualified Person (QP) can demonstrate that the response(s) does not pose a risk to human health and the environment to the Region's satisfaction (e.g. consent applications relating to easements, leases, mortgages, correction of title as well as location of off-site Potentially Contaminated Activities; and direction of surface and groundwater flow etc.).

The Region must be granted third party reliance on all ESA work through the completion of its Reliance Letter and Certificate of Insurance. Regional third-party reliance is not required if a Record of Site Condition is filed on the Environmental Site Registry for the proposed property use and/or the Ministry of the Environment, Conservation and Parks (MECP) issues a notice of a Certificate of Property Use where applicable.

Note: The Region may scope the Environmental Site Assessment requirements for minor development proposals on Enhanced Investigation Properties (e.g. accessory structures) or determine if additional environmental work is required.

Declarations:

This form must be completed and signed by both a Qualified Person and the property Owner(s) or Authorized Agent for all development applications made under the *Planning Act* and reviewed by the Region of Durham Planning Department.

A QP sign-off may be waived by the Region for the following Land Division Committee application types: leases; mortgages; title corrections; re-establishment of lot lines (where title inadvertently merged); minor lot line adjustments (at the discretion of the Region); as well as minor variances; minor zoning by-law amendments (e.g. where there is no physical development, the addition of a new non-sensitive land use), and/or part lot control applications where site contamination was recently addressed by a related planning application. For a full list of QP exemptions, please see Appendix B of the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol.

Where a QP sign-off is required on this form, the completion of a Regional Reliance Letter and Certificate of Insurance may be waived.

To the best of my knowledge, the information provided in this questionnaire is true, and I do not have any reason to believe that the subject property contains contaminants at a level that would interfere with the proposed property use. I am a Qualified Person in accordance with Ontario Regulation 153/04 and carry the required liability insurance in accordance with Appendix F of the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol.

***PART D: MATERIALS REQUIRED AS PART OF THE PRESCRIBED INFORMATION UNDER SECTION 34(10.1) OF THE PLANNING ACT**

The Zoning Amendment Application must include a detailed sketch (in metric units) showing the following information (in some cases it may be appropriate to combine with a survey plan). Wherever possible, a digital file as well as a paper copy of the plan is required.:

- (a) boundaries and dimensions of the subject land;
- (b) the location, size and type of all existing and proposed buildings and structures on the subject land, indicating their distance from the front lot line, rear lot line and side lot lines;
- (c) the approximate location of all natural and artificial features (*for example, buildings, railways, roads, watercourses, drainage ditches, banks of rivers or streams, wetlands, wooded areas, wells and septic tanks*) that,
 - i) are located on the subject land and on land that is adjacent to it, and;
 - ii) in the applicant's opinion, may affect the application;
- (d) the current uses of land that is adjacent to the subject land;
- (e) the location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
- (f) if access to the subject land will be by water only, the location of the parking and docking facilities to be used; and,
- (g) the location and nature of any easement affecting the subject land.

Further information and/or plans may be required after the application has been given a preliminary review by the Township staff and consultants.

PART E: TOWNSHIP REQUIRED INFORMATION UNDER SECTIONS 22(5) AND 34(10.2) OF THE PLANNING ACT

Fifteen (15) copies and one electronic PDF copy on a memory of the following materials, plans and studies identified in the Township Official Plan may be required to be submitted by the Township. A determination will be made at the Pre-Consultation meeting. Where materials, plans and/or studies are required, an application will only be considered complete upon their submission.

The following information and studies prepared at the applicant's expense, and carried out by a qualified professional as determined by the Township, and, at the Township's discretion, unless required by this Plan, retained by the Township, shall generally be submitted as a basis for evaluation of development applications in the Uxbridge Urban and Coppins Corners Secondary Plan areas:

i) Background Information

A plan of survey of the subject site identifying all existing significant trees, other significant landscape features, existing buildings and structures and contours.

ii) Plans

Plans, including, where applicable, site grading and landscaping plans, elevations, and other documentation:

- a) describing the proposed development and its relationship to the existing streetscape in particular building envelopes accesses and parking areas:
- b) demonstrating how stormwater, erosion and sedimentation will be controlled on site:
- c) describing proposed landscaping and any modifications to existing significant trees and landscaping; and,
- d) demonstrating how the development will be integrated with the Natural Heritage System established in Section 2.3 of this Plan.

iii) Natural Heritage System

Where the site includes or directly abuts lands designated on Schedule "B" to the Uxbridge Urban Area as part of the Natural Heritage System, proposals shall be evaluated in accordance with the information submission requirements of Section 2.3 of the Plan.

iv) Tree Analysis

Where new development is to occur on a piece of land which the Township identifies as having trees which may warrant preservation or replacement, a tree preservation and planting plan shall be developed either at the time of application or as a condition of approval at the direction of the Township.

Such a plan shall:

- a) address the nature and condition of the tree resources potentially affected by the development;
- b) provide recommendations for tree retention and removal based on the quality of the trees, species tolerance, proposed development impacts and opportunities for mitigation, as well as a program for replanting and vegetation enhancements for new development which impacts on tree stand; and,
- c) address the impact of the development on any abutting lands in the Environmental Constraint Area and Forest Area designations, and the woodlot management and edge/interior protection measures required to protect such areas during and after the initiation of construction.

Based on this analysis, controls will be placed on the trees to be removed, the amount and type of new landscaping to be provided on the site and related management and construction procedures through the Subdivision, Condominium or Site Plan Control Agreements.

v) Noise Impact Study

A noise impact study shall be carried out where residential uses or other sensitive uses, as defined by Ministry of the Environment guidelines, are proposed and the site is adjacent to a major noise source such as an arterial road, railway or industrial use.

Further, the requirements of the Ministry of the Environment guidelines, "Noise Assessment Criteria in Land Use Planning, October, 1995" or any successor thereto, with respect to the need for noise impact studies shall apply to new commercial, industrial or institutional development which is a potential major noise source, such as, but not limited to, uses which have associated with them on-going construction activity, outdoor heat rejection systems (including cooling towers) and outdoor exhaust fans, or other stationary noise sources such as railway yards, major truck stops, major hydro transformers, or natural gas compressors. Where required by the guidelines, a noise impact study shall be carried out to the satisfaction of the Township.

vi) Vibration Study

A vibration study shall be required at the request of the Region, the Township or the applicable railway where the site is within 75 metres (246 feet) of a railway right-of-way or an arterial road. Such a study shall be carried out to the satisfaction of the Township, in consultation with the appropriate government agency or railway.

Further, where new industrial development, which is a potential major source of vibration, such as metal forming industries including punch presses or drop forges, is proposed within 75 metres (246 feet) of existing residential development, a vibration study shall be carried out to the satisfaction of the Township.

vii) Heritage Impact Statement

Where the site includes a building of architectural and/or historical merit designated under the Heritage Act or is located in a designated Heritage District, a heritage impact statement, prepared by recognized professional(s) in the field, shall be required to be submitted to the Township. Such a study shall demonstrate to the satisfaction of the Township that:

- a) the proposal will not adversely impact the heritage significance of the property or the area in which it is located; or,
- b) demonstrate that it is not physically feasible to maintain the heritage building or structure.

viii) Archaeological Resource Assessment

Where there may be archaeological remains of prehistoric and historic habitation, or areas containing archaeological potential within a site, an archaeological assessment conducted by archaeologists licensed under the Ontario heritage Act shall be required. In addition, the provisions of the Cemeteries Act and its regulations shall be applied when marked and unmarked cemeteries or burial places are encountered during development, assessment or any activity.

ix) Land Use Compatibility

Where applicable, information or necessary studies shall be provided to assist in the establishment of a separation distance, having regard for the Ministry of the Environment guidelines "Compatibility Between Industrial Facilities and Sensitive Uses", between proposed development and potentially incompatible uses.

x) Stormwater Management

Where applicable, in accordance with Ministry of the Environment guidelines, a Master Drainage Plan shall be prepared, or the Township shall require a stormwater study.

xi) Soil Quality

The applicant must demonstrate that on-site soil quality is suitable for the proposed use. Where site remediation is required the Township shall be satisfied with respect to the implementation of remediation prior to development approval. Specifically, where the Township, other public body, or the applicant has identified potential site contamination, the Township shall require the applicant to complete a Phase 1 assessment, in accordance with the Ministry of the Environment's Guidelines for Use at Contaminated Sites in Ontario. The Phase 1 assessment will be reviewed by the Township to ensure there is no contamination prior to the granting of any development approvals. If there is evidence of contamination, the applicant will be required to submit a Phase 2 assessment in accordance with the Ministry of the Environment's Guidelines. If the site is found to be contaminated, the Township shall require the applicant to submit a Ministry of the Environment acknowledged Record of Site Condition to

the Township to verify site clean-up prior to the granting of a building permit.

xii) Traffic Impact Analysis

Where the Township has identified concerns with traffic impacts, a traffic impact analysis carried out by a qualified transportation engineer shall be required.

xiii) Air Quality

Where the Township identifies concerns with impacts on air quality, appropriate studies by qualified professional(s) shall be required.

In addition, the following studies may be required to be submitted in the Uxbridge Urban Area as set out in Section 2 of the Official Plan:

Functional Servicing Study	Section 2.2.3.2
Market Impact	Section 2.5.17.3.1 i)
Corridor Commercial Area Development	Section 2.5.17.3.6

**SIGN POLICY
DEVELOPMENT PROPOSALS
TOWNSHIP OF UXBRIDGE**

In accordance with the provisions of Planning Act and the Ontario Regulations promulgated thereunder it shall be the policy of the Township of Uxbridge that signs shall be erected at the direction of the Township for the following types of development applications:

- (a) Zoning By-law amendments for a specific parcel of land.
- (b) Official Plan Amendments to either the Township's Official Plan or the Durham Region Official Plan when dealing with a specific parcel of land.
- (c) Plans of Subdivision and condominium proposals.
- (d) Amendments to Hamlet Development Plans for a specific parcel of land.

Development signs shall be approved by the Township Clerk and shall be erected by the applicant when directed by the Township Clerk. The Township shall not process the application or set a date for a public meeting until the sign has been erected.

The development sign shall conform to the following specifications:

- 1. **SIZE:** A development sign shall be approximately 4 feet by 4 feet in size. Each sign shall not be less than 6 feet in height, but not more than 7 feet in height, measured from the ground to the top of the sign, and shall be fastened to two (2) iron T bars, securely anchored in the ground.
- 2. **LOCATION:** The development sign shall be posted on the building line, but not more than 25 feet from the street line, midway between opposing lot lines, and one sign shall be erected on each street frontage of the subject property. The sign shall not be erected on Municipal property or on the right-of-way of any public highway.
- 3. **MAINTENANCE AND REMOVAL:** The development sign(s) erected shall be maintained by the applicant to the satisfaction of the Township of Uxbridge, until a decision has been rendered on the application by Regional or Township Council, and any amendment enacted has been approved by the Minister of Municipal Affairs and the Ontario Municipal Board, as necessary. The applicant shall remove the sign, at his own expense, within seven (7) days after the matter has been dealt with by Township or Regional Council, the Minister of Municipal Affairs or the Ontario Municipal Board, as the case may be.
- 4. **MATERIALS:** Development signs shall be constructed of 1/2 inch plywood (good one side, or better grade) or corrugated plastic and shall be supported by a minimum of two uprights.
- 5. **COLOURS:** Development signs shall have black lettering on a white background.
- 6. **LETTERING:** Letters shall be a minimum of 2 inches in height. All letters shall be upper case.
- 7. **TITLE:** The title shall be underlined and shall have letters a minimum of 4 inches in height and must contain the word "NOTICE".

8. **WORDING:** The text of the notice shall contain the following information:
